MEMORANDUM

TO: Board of Directors

DATE: July 27, 2021

FROM: Dan Johnston

RE: Affirmative Consent Update

TYPE: Informational Only

In response to Washington State regulations, we are required to add “affirmative consent” to our comprehensive health education curriculum. Stanwood High School piloted a video called *Yes means Yes, Understanding Affirmative Consent* during the spring of 2021. The Instructional Materials Committee (IMC) has completed a review of the material for inclusion in our high school health classes.
